Reviewing SEND Support Plans

We have reviewed the timeline for formally reviewing our SEND Support Plans through Edukey. It fits in with our wider school assessments, parent consultations and transition points. Plans can be added to and reviewed more regularly but these are the formal points in the academic year.

See the next page for a deeper explanation how it will work.

If you haven't connected to Edukey yet, please contact your child's teacher.

Pupil Passports

Pupil Passports are a one-page profile of a child whose needs don't require targeted intensive support but there are specific elements of the ordinarily available provision (specific resources, strategies) that work well for them in particular. It can also be used for children stepping down from SEND support and are still monitored by the SENCO.
